## KTM 1190/1090 TOP RACK

Thank you for purchasing Happy Trails products. Our products are proudly hand made in Boise Idaho, USA. If you have any questions or concerns about the installation of this product, please contact us directly at 1-800-444-8770 or e-mail support@happy-trail.com.

Before you begin, place the bike on a hard level surface where you have room to work. Lay out the parts included in this kit and compare to the parts list on page 3 of these instructions. If any parts or hardware are missing, contact us immediately at the number or email listed above.

### IMPORTANT!!!!

When installing Happy Trails racks, leave all bolt connections loose until the entire product is installed. Then go back and tighten all connections. We recommend the use of thread locking compound.

**Step 1:** Locate the four mounting holes that will be used. The 1190 will mount as pictured. The 1090 will mount using the four factory bolt locations  
*See figure 1*

Factory tail plate mount

**Step 2: For the 1190,** use the four 8x16 button head bolts and M8 washers, install the top plate with the side flanges pointing downward. *See figure 2*

The 1090 will mount by removing the four bolts that bolt the factory plate to the bike using the supplied 2ea 8x50mm bolts in the rear holes and 2ea 8x60mm bolts in the front location. Washers are used at these locations
